Updates on Outstanding Items

Anticipated Items at Upcoming Meetings

COGS is planning to discuss small wording changes to the guidelines of our new item loan program, and potential sponsorship of the 2025 In Joy! Gala at our December 4th, 2024, meeting. We will hear usual updates and remarks from the graduate school, student life and engagement, and the office of research and innovation.

Requested Support from the Steering Committee and/or the Office of Academic Governance

Other

We do not have an item for this specifically on our agenda, but I am anticipating students may bring up concerns around institutional neutrality during our unstructured round-table time at the December 4th, 2024 meeting.
