Listed on the following pages are the data associated with the activities for the Faculty Grievance & Dispute Resolution Office during the spring and summer 2022 semesters.

As a reminder, per Section IX of the FGP **The FGO shall attempt to resolve grievances informally and without resort to formal hearings.** To this end the FGO makes every effort to resolve disputes informally as the formal hearing process may introduce additional conflict into the working relationship making it more adversarial. We do our best to understand our visitors’ cause for concern and help develop pragmatic solutions to their conflicts via informal resolutions. Our aim is to clarify the underlying issue(s) and identify the most beneficial outcome(s) for all parties without resort to formal hearings wherever possible.

Please feel free to contact our office with any questions or comments. I appreciate your support.
Please note that the below numbers may not appear to be congruent due to the fact that the activity of a single grievance may take place in multiple reporting windows with each progressing at its own pace.
