General Student Regulations

INTRODUCTION

General student regulations shall be those regulations established within the University community (students, trustees, administrators, faculty, and staff) to secure the safety of members of the University community and University facilities, maintain order, and ensure the successful operation of the institution. Such regulations shall apply to all students regardless of class level, place of residence, or group affiliation as well as to all governing bodies, governing groups, living groups, and registered student organizations (5.2.1 Academic Freedom for Students at Michigan State University).

The regulations apply to students and student groups while on the land governed by the Board of Trustees of Michigan State University, when students or student groups are engaged in University-sponsored or student group-sponsored (student governing groups and registered student organizations) activities off campus, or when the conduct of a student poses a clear and present danger to the health or safety of person or property.

The regulations relating to scholarship and grades, University functions and services, and University property apply without reference to where the activity occurs. Because technology is constantly changing teaching, learning, and administrative processes, it is understood that the general principles that govern these regulations should be extended to apply to new and unanticipated situations.

Any member of the University community may file a complaint involving the alleged violation of these regulations by a student or student group. The University through its internal judicial system shall maintain jurisdiction over these regulations and conduct hearings in accordance with established University procedures. In the application of the regulations, it is intended that one be held accountable for conduct which fails to meet the standard of what a reasonable and prudent person would or would not have done under similar circumstances.
