Email from a Faculty Member
10/20/11

Discontinuing the Printed Faculty Directory:

The registrar claims that the reason for this is a decline in demand for such and in her all hands email list other alternatives for information. However this is skimpy in comparison to the directory and assumes that you know the name, departmental affiliation and the correct name spelling before you start looking. Have heard faculty grumble about this and if reprinting is an obstacle, other alternatives should be explored.
