

**Feedback from ASMSU on the Code of Undergraduate Advising Responsibilities:**

**From Aaron Iturralde, Sept 28:** I wanted to update you on the proposed code for Academic Advising. The General Assembly has voted to support UCUE's proposal. There was a suggestion to include matters regarding upholding DEI initiatives. Rep. Masud, who serves on UCUE, will bring up this matter at the next meeting if there is room for discussion. Thank you again for your guidance on this.
