The Steering Committee of Michigan State University held a special meeting on Tuesday, June 15, 2021, at 2:45 p.m. via Zoom with Chairperson Jennifer E. Johnson presiding.

President Samuel L. Stanley, Jr., M.D. gave brief remarks.

President Stanley informed the committee of his intention to nominate Dr. Douglas Gage, the Interim Vice President for Research and Innovation, to a three-year term as Vice President for Research for Research and Innovation. A discussion ensued, during which some members expressed support for the appointment and others raised concerns related to lack of a national search and a perceived trend of increasing the number of high-level administrators. No motions were made.

The meeting adjourned at 3:01 p.m.
