Military Education Advisory Committee

Taken from ECAC Agenda on January 13, 2009

Military Education Advisory Committee (MEAC) Term Extension Request:
The basic argument was in the annual report I wrote about the MEAC in the spring last year. It's that the turnover for the ROTC faculty is so frequent that it is often difficult to provide consistency and to maintain institutional history. If the board terms were 3 years instead of 2 as they are now, there would be more consistency and continuity. The Lt. Colonel from the Air Force thoroughly applauded the recommendation. Please let me know if there are any more questions from the annual report. I really would like to see this implemented.

Jane Vieth
Chair MEAC

Taken from ECAC Minutes of January 13, 2009:

Military Education Advisory Committee (MEAC) – Term Extension Request:
Professor Potchen received a request from the Chairperson of the MEAC to extend the term of membership to a three year period to provide more consistency and continuity. This Advisory/Consultative Committee is a BOT established Committee and reports to the Dean of Undergraduate Education. The Dean of Undergraduate Education serves as Dean of Military Education. Following some discussion a motion was passed to refer to MEAC for a response by the end of the semester.
