Discussion items:

Definitions: It was agreed that the committee would consider, at some unspecified later date, whether to add to Bylaws section 1 additional definitions (e.g. ex officio, designees, proxies).

Simple errors: It was agreed that the chairperson would correct such typographical errors as punctuation, syntax, and diction without bringing them before the body for discussion. Any such changes would be visible on Dropbox and could be revisited at the request of any committee member.

Procedures: It was agreed that representatives from COGS, ASMSU, and the faculty would take the lead in identifying and bringing to the committee Bylaws issues referencing their respective constituencies. Normally, UCAG ensures that legislation that moves through University governance is communicated accurately in the Bylaws and that the Bylaws correctly mirror actual practice. Powell emphasized the importance of keeping a permanent and authoritative record of Bylaws changes for approval by the Trustees and agreed to provide the chairperson with that file.

Adjournment: 5:00 p.m.

Respectfully submitted,
Debra Nails
